TRADEMARK LICENSING CONTRACT

In order to gain the rights of using full YANMAR brand marks rights a Trademark Licensing Contract must be signed. Without having signed a document only limited rights are permitted (no use of Flying Y logo).

To implement a Trademark License Agreement with your company the actual document is attached here.

It is accompanied by essential Visual Guidelines for Distributors and Dealers.

The process can be summarized as follows:

1. Receive the Licensing Contract from Yanmar Europe
2. Fill in necessary details such as name, position of the signer (usually the President of the company)
3. Fill in the region in which your company operates (contractual)
4. Print out two copies of the contract and have your signer sign and date the contract
5. The signer should also initial each page except the sign page
6. Return both signed copies to Dana van Kammen (A. Manager, Marketing Department, dana_vankammen@yanmar.com)
7. Yanmar Europe will have them signed and return one copy to you for your records
8. After receiving the signed contract your company has full rights to use Yanmar Trade Marks which will be distributed to you electronically or through (asset management system) for which you might already have an access to.

Please send us back the signed contract soon in order to proceed further with granting the permission to enter all promotion assets.

VISUAL GUIDELINES FOR DISTRIBUTORS AND DEALERS

These guidelines show the basics of use of Yanmar logo & colours. There are two types. One with only YANMAR logo and one including Flying Y. The signage guidelines show the usage of flags & signs on your premises.

PARTS PRICING

Maximum Retail Price

Items are priced as a “maximum retail price” and are subjected to a specific discount structure.

Billing structure

Billing structure is in accordance with Yanmar Europe policy. Customer specific billing rates can be enquired at Yanmar Europe.

Special Flag (SP Flag)

Certain part numbers of strategic parts have a price structure which differs from the standard, in order to maintain prices which meet market prices.

PARTS RETURN REQUIREMENTS

Requests to return received spare parts must be made within 30 days after receipt of shipment. Yanmar Europe does not have any obligation to accept any parts return requests without prior notification.

For all returns a Return Goods Authorization (RGA) form must be completed by Yanmar Europe. Issuance of Return Authorization Number (RGA number) does not guarantee that a credit note will be issued by Yanmar Europe.

There are no restocking charges but the transportation charges are for the sender. In case of out of normal ordering and returning patterns: Yanmar can decide to impose a charge on own initiative which, however, will be specifically communicated in advance towards the customer or its representative.

The return number (RGA number) must be noted on all shipping containers, the bill of lading, and/or all other shipping documents. All shipments of returned parts will be subject to inspection by Yanmar Europe upon receipt and such returned parts shipments may be refused.

After parts have been received and inspected, a credit note will be issued and notification will be sent to the customer via e-mail. Judgment of condition shall be at the sole discretion of Yanmar Europe.

Parts not eligible for return:

- Any part that has a limited storage-life such as, but not limited to, rubber items, gaskets, chemical products, batteries, fuel injection parts etc

TRAINING

1. Web-based training and hands-on training

Yanmar Europe Academy is a professional, high-end training and development programme to grow talents, gain knowledge and skills and drive professionalism of our distribution network, our customers and our own organisation.

Throughout the year, a team of dedicated industry experts deliver classroom-based training, hands-on courses and e-learning. The training team is highly motivated to share Yanmar's global, leading expertise in maintenance, diagnostics, troubleshooting, repair to enhance the knowledge and skills of our distribution network, customers and employees.

Yanmar Europe Academy is designed to help develop, grow and strengthen the expertise and insights of all participants in the programme and to ignite collaboration between distributors, dealers, customers, employees and Academy trainers.

WEB-BASED TRAINING (WBT) AND HANDS-ON TRAINING

Web-based training (WBT)

WBT is available 24/7 and lets participants learn without the costs of travelling. With just one click they can access the online system with interactive classes and product videos. The theoretical knowledge of Yanmar products such as engine technology and tractor hydraulic scheme is then easy to learn.

Hands-on training

Hands-on training is provided in the yanmar training centre in The Netherlands where participants follow courses specially adapted for the training purpose or in some cases on your/customer's location. Each class includes direct access to our demonstration area and training products.
